Anxious Thoughts: Check, Reframe, Act

Use this worksheet to examine an anxious thought and choose a balanced next step.

Name: _____	**Date:** _____
Counselor: _____	**Session:** _____

1. Situation

What happened? Describe only the facts you know.

2. Automatic thought

What did your mind immediately say might happen?

3. Emotion and intensity

Emotion	Intensity (0-10)
Anxiety / worry	_____
Fear	_____
Embarrassment	_____
Other: _____	_____

4. Check the thought

What evidence supports this thought?

What evidence does not support it, or shows another possibility?

What would I say to a friend who had this same thought?

5. Create a more balanced thought

Write a thought that is realistic, kind, and useful - not necessarily "positive."

6. Choose one next step

Possible step	My choice
Break the task into one small part	[ ]
Ask for clarification or support	[ ]
Use a calming skill first	[ ]
Set a realistic time to start	[ ]
Other: _____	[ ]

After completing this worksheet, my anxiety is: ___ /10

Note: This worksheet supports reflection and coping. It does not replace assessment, diagnosis, or treatment by a qualified professional.
